FOR IMMEDIATE RELEASE — FEBRUARY 11, 2010

School Counseling Month

DYSART SCHOOLS — Arizona Governor Jan Brewer has proclaimed February as School Counseling Month. This special month is designed to recognize the work counselors perform, which positively impacts Arizona Students.

The Dysart School District has a comprehensive counseling program for students in grades K – 12. Counseling initiatives range from helping students display positive behavior through the Character Counts program, prevention and intervention services, college and career guidance, and several other student opportunities. School counselors can help students examine their personal strengths, abilities, interests and talents and utilize them to make positive choices.

Please take time this month and recognize the role that school counselors play in helping the students of the Dysart School District continue on their journey to success.
