# Valley Vista students give back to community

**DYSART SCHOOLS** — Valley Vista High School National Honor Society (NHS) students not only model positive behavior on campus, they provide services in the community, giving back to those who reside in the Dysart School District. On Saturday, February 20, the Valley Vista students hosted a “Senior Prom” for the residents of Vista de la Montana, a local assisted living community.

Prior to the event, Valley Vista’s NHS students went through dance training in order to know what styles of dance the residents would participate with, planned food items, decorations, and painted a backdrop for the residents’ pictures. Free copies of pictures were provided to all of the residents. Additionally, the students danced with many groups of residents; some who were between 93 and 99 years old. The community residents talked with students and enlightened them regarding high school life in the early-mid 1900’s.

Valley Vista students community service “Senior Prom” is one of many examples of Dysart District students giving back to the community who provide support for school endeavors.
