## **Dysart seeks to clarify myths and answer questions**

DYSART SCHOOLS — The Dysart School District is committed to operating transparently and providing its community information as well as debunking myths. To assist in this endeavor, Dysart established a link from its website entitled, ‘Mythbusters’.

First created in February, 2009, the Dysart Mythbuster link provides factual information to myths related to the school district. Once a myth is reported, the district works to provide the factual information related to debunking the myth through this link. The mythbuster link is updated periodically and contains a running tab of all information provided since 2009. The Dysart Mythbuster link can be found at [www.dysart.org](http://www.dysart.org).

Additionally, Dysart is committed to answering questions from the public or clarifying information related to the district. Community members are encouraged to pose questions to ensure that they have factual information related to district endeavors. To find the answer to a Dysart question, please contact your local school or email [communityrelations@dysart.org](mailto:communityrelations@dysart.org).
