FOR IMMEDIATE RELEASE — SEPTEMBER 28, 2009

Dysart seeks feedback from community

DYSART SCHOOLS — The Dysart School District is continuing to reach out to its community to solicit feedback related to customer service in its schools and departments. To assist in gathering community input, the district has placed comment cards in each school. The intent of the comment cards is to provide community members the opportunity to provide feedback related to the customer service of the school through a quick feedback system.

Comment cards are available in all school offices as well as the district office. Parents and community members are encouraged to complete a comment card following their visit to a school or district department to provide meaningful feedback about the customer service experienced. A locked comment card box to hold the completed comment cards has been placed in each school's office, as well as the district office. Once each week, comment cards will be collected by the Dysart community relations department and comments will be used to provide feedback and training opportunities as Dysart continues to work to meet the needs of its community.

For additional information about using a comment card, please contact the community relations department at 623.876.7169 or by email at communityrelations@dysart.org.
