New Dysart High School DECA chapter making strides

DYSART SCHOOLS — Great achievements were made at the Metro Area DECA Competition for Dysart High School's new DECA chapter, led by advisor, Leslie Palombo. Eight students attended the conference at Grand Canyon University on Thursday, January 12, and competed in various business and marketing events. All of the students did a great job at representing Dysart High School. The competition involved a test and participation in a role play event.

Congratulations to Jessica Alvarez for being an overall test winner!

The DECA chapter will compete and represent D.H.S. at the DECA State Competition on March 4 – 6, 2012, at the Hyatt Regency Convention Center.
