

October 2021

Hello CTE students and Parent/Guardian:

This is a note to you and your parent/guardian that will serve as a “heads up” about the Dysart Unified School District (DUSD) getting in touch with you.

We are required to report career and technical placement information to the Arizona Department of Education each year for students who participated in a Career & Technical Education (CTE) program for two or more years and have graduated or left school in 2021. The information we acquire from you helps increase the amount of money the State of Arizona provides to DUSD’s CTE programs. This grant funding is then used to purchase equipment and technology for CTE classrooms and help maintain classroom software licenses so that CTE students can continue to experience authentic, hands-on, career focused learning.

We will try to contact (via phone, email, “Remind” service, social media, etc.) former students to ask what they are doing in terms of school, advanced training, military, or employment status. If we cannot reach them, we will then contact parents, siblings, or relatives. You can also complete the survey by filling out the form on the next page. Completed surveys can be emailed to Tracey.OngJacobsen@dysart.org or mailed to CTE at 15802 N. Parkview Place, Surprise, AZ 85374. The survey is also available online at www.dysart.org/CTEgrad.

If you receive a call from DUSD about the CTE placement survey, please take the call and do not hang up on us. With just this simple information, our budget can be increased and the monies will be used to better support future CTE students in DUSD.

Sincerely,

Jim Grieshaber

Career & Technical Education Director
Dysart Unified School District
