BACK TO SCHOOL
The 2009-2010 school year was a year filled with many accomplishments in the Dysart School District as well as some challenges. Through it all, our hard working staff and dedicated parents, students, volunteers and community members remained committed to supporting student success. In our classrooms and at the election polls, the Dysart Community demonstrated once again that no obstacle will keep us from doing what is right for our children. Our students continue to receive an education that prepares them for the opportunities and challenges of the 21st century and our community showed their support of that goal with the passage of the Dysart Override and Proposition 100. Thank you for caring about our children and investing in their success and the future of our community!

Looking ahead to 2010-2011, Dysart’s focus will remain on exceeding standards and making sure students graduate future ready. In Dysart, student achievement is focused down to the academic growth of each and every student and data will drive the educational decisions made in the classroom, in the schools and at the district level. The District is proud to have students recognized as Merit Scholars and to have graduates who have earned millions of dollars in scholarships to attend outstanding universities across this country. We will continue to work to ensure we have the most highly skilled and qualified teachers and administrators and the most competent staff. Dysart can boast of having teachers and administrators who have been recognized as Educator of the Year and Administrator of the Year as well as receiving many other state and national awards. The District will continue to build on the strong curriculum and the critical resources put in place over the last few years. Dysart has been recognized for developing an outstanding online tool called iPAL that puts powerful student data and resources right at the fingertips of our teachers.

As we move into this school year, the Dysart Strategic Plan will once again serve as the road map for keeping us on track and accountable. Since adopting that plan in 2008, all objectives have successfully been accomplished within the timelines set. With the majority of the Strategic Plan objectives now completed, it is time to revise our goals and objectives. During the 2010-11 school year, we will once again draw from the expertise of our community to revise the Strategic Plan and to raise the bar to that next level of excellence for Dysart. We continue to see benefits to our students of having this very focused Strategic Plan that holds our district accountable to increased academic achievement and providing a learning environment conducive to student success. We know by utilizing this plan all of our schools can and will be recognized for their excellence over the next few years.

To ensure the success of our students, we will continue building constructive and positive relationships with our community. Last year district volunteers gave more than 82,000 hours of their time to Dysart students. In turn our students and staff contributed thousands of hours of community service. We look forward to our Dysart community partnering with us again this year to enrich our schools and our communities.

We welcome all community members to get involved in our schools and our district initiatives and hope you will take advantage of opportunities to learn more about your school district. Together we will continue to foster the Dysart culture where students are EXCEEDING STANDARDS and FUTURE READY. WE are DYSART and together we make a difference in the lives of children. We look forward to a great 2010-11 school year!

Gail Pletnick, Ed. D.
Superintendent
Another school year is at hand and soon our hallways and classrooms will be buzzing with activity within each of our campuses. A new school year often carries feelings that are similar to welcoming a New Year holiday. Many feel the ability to start fresh, refocus, and set new goals. These goals prove helpful in motivating and encouraging through good and challenging times as the year progresses.

In our classrooms, students have dreams of what and who they want to become. Recently, I had the opportunity to volunteer in a 3rd grade classroom. The teacher asked her students what they wanted to do for a living when they were older. The answers varied, but each student had a response accompanied by smiles and eyes full of hope. I sat and wondered how many would achieve the desire they had at that moment. That experience has remained with me and helped me realize as a Governing Board Member, it is the Board’s duty to ensure these students receive the best education to make any goal possible. Whether our students are in kindergarten or their senior year in high school; students, administrators, teachers, parents, and community members rely on what transpires within the walls of our schools to help each student achieve their dreams. As a governing board, we have expectations of excelling schools, but ultimately, we desire every individual student to be excelling.

I am proud of our Strategic Plan. By and through it, Dysart will improve. We continue to keep good things going and will build and re-adjust to make things better. I acknowledge with cuts in our resources we will face additional challenges, yet with support from our community, a dedicated Governing Board and Superintendent, highly qualified teachers and staff, and our override and Prop 100 results; I can assure our schools will continue to progress through setting and achieving high goals.

On behalf of the Governing Board we thank our students, patrons, and constituents for your trust in Dysart Unified School District to provide a positive, inspiring, and safe environment. We encourage those in our community to be involved in our schools by volunteering in classrooms and committees, support local schools via activities, concerts and sporting events, and enter our buildings to get to know those who are striving each day to make each student’s dreams and goals attainable. By strengthening our schools, we strengthen our community.

My goal and commitment to the 2010-2011 school year will be of renewed focus of creating and maintaining high goals and standards. It is an honor and privilege to serve you and the students of the Dysart Unified School District. Best Wishes for a great and safe year!

The Governing Board meets the first and third Wednesdays of the month with exceptions of July 2010 and March 2011 at the Dysart Education Center, 15802 N Parkview Place, Surprise, AZ 623-876-7002
The Dysart School District believes that there is a connection between student dress and academic success. In the Spring of 2009, a Strategic Plan committee reviewed and revised Dysart’s student dress code. The committee, consisting of parents, teachers and administrators presented dress code revisions to the Governing Board and the revisions were implemented in the 2009-2010 school year. Dysart’s student dress code is set to remain unchanged for the 2010-2011 school year. The student dress code can be viewed at www.dysart.org under the tab, “Parents and Students.”

The most prominent items in the K-12 student dress code include:

**Shirts/Tops**
- Must not include tank tops, spaghetti straps, halter tops, strapless tops and racer back tops. Tank tops are any sleeveless top with a strap of less than three inches.
- Must not have a neckline lower than four inches from the collarbone and must not expose cleavage.
- Must not extend in the armpit lower than six inches from the collarbone.
- Must not expose any part of the midriff when sitting, bending or standing.
- Must not expose undergarments when sitting, bending or standing.

**Pants/Shorts/Bottoms**
- Must be worn at the waist at all times.
- Must be no shorter than four inches above the top of the knee when standing if shorts or skirts.
- Must not expose undergarments when sitting, bending or standing.

**Volunteers make a difference at Dysart**

Volunteers in the Dysart Unified School District generously gave 82,238 hours of their time in schools over the course of the 2009-2010 school year. Dysart’s 1,200 volunteers donated 5,000 more hours during this school year than last year. Dysart teachers, students, office staff and administration are thankful for the benefits that the volunteers provide in the classroom and school offices. Whether volunteering in one of Dysart’s 20 K-8 schools, four high schools or in a preschool classroom, Dysart volunteers make a difference for students each day.

The Dysart District is very fortunate to have a community where residents bring knowledge, history and an interest to work with children in their volunteer experience. Additionally, volunteers provide a large support to the teachers and office staff throughout the district. Through volunteers, ranging from parents to community members, Dysart schools benefit from the community’s support that provides time and resources to its schools.

Dysart volunteers provide support throughout the district in many settings. Volunteer experiences can include working with infants and toddlers at the Child Development Center to assisting teachers and students at the Dysart Early Childhood Center. Additionally, volunteers often listen to and read with elementary students and help with math, English, science, social studies or computer skills.

Volunteers also help by providing assistance as office aides, library assistants or help with the district’s sports programs. Community members interested in making a difference in the lives of children are encouraged to become a Dysart volunteer. The volunteer opportunities are endless, all benefiting Dysart students. Volunteer opportunities are not limited by time commitment. A volunteer may choose to provide support anytime during the school day or even at after-school events.

If you would like to share a few hours a week or every other week, please consider the Dysart School District for a wonderful opportunity to be of assistance to its students. For more information about becoming a Dysart volunteer, please call 623.876.7195 or visit www.dysart.org and follow the department tab to community relations.
Do you have concerns about your preschooler’s development? The Dysart Early Childhood Education Center has added additional free Child Find Screening dates to allow families more choices to have their 2 year, 6 month old to 5 year old non-kindergarten eligible children be screened for developmental delays.

The Individuals with Disabilities Education Improvement Act (IDEA, 2004) requires that public school agencies ensure that all children from birth through age 21 with delays or developmental disabilities are identified, located and evaluated to receive the supports and services they need. This includes all children living within the geographic boundaries of the school district including children who are homeless or wards of the state, children with disabilities attending private schools or those who are home schooled.

The Dysart preschool screenings, conducted at the Dysart Early Childhood Center, address vision, hearing, motor, speech and language, self-help, cognitive and social skills. The time to complete a screen is approximately one hour. Parents must be present with their child during the screening process.

For more information or to schedule a special needs screening appointment, please contact the Dysart School District at (623) 876-7022. For information regarding screening children ages birth to 2.5 years old, please call the Arizona Early Intervention Project at (602) 771-1700. The Dysart Early Childhood Center is located at 17999 W. Surprise Farms Loop South, in Surprise.

Everyone is responsible for safe and secure schools at Dysart
To begin the enrollment process for kindergarten through eighth grade, please pick up a registration packet from any of Dysart’s K-8 school offices. Dysart’s website, www.dysart.org, includes need-to-know information such as school boundaries, transportation, immunizations and special education services. Parents who do not have access to the Web can go into any Dysart school office and use a designated computer kiosk. To ensure a smooth and complete transition to our schools, please note the following:

- Children must be five years old prior to Sept. 1st to enroll in kindergarten
- A parent or guardian must be present to enroll a child
- The registration packet must be completed and submitted. Please double-check that all forms have been completely filled out and signed in all appropriate places
- The following documents are required for registration:
  - Child’s original birth certificate.
  - Child’s immunization records.
  - Proof of residency i.e. lease or purchase agreement or utility bill.
  - Parent or guardian’s government issued photo identification.
  - Official withdrawal paperwork from previous school (if enrolling during the school year).

To ensure your child receives the appropriate services, it is highly recommended that parents provide the following:

- Current individualized education plan (IEP).
- Existing 504 plan.
- Academic records.
- Information from previous school.

If your child has significant health concerns and parents need to check in medications, you may need to complete additional paperwork. The school nurse can assist you with any questions or concerns.

Should your email, address or phone number change after you have completed enrollment, please notify your school’s office immediately so you don’t miss out on important information sent throughout the year.

Children age 4 to 18 are eligible to receive immunizations through the Dysart Unified School District, in partnership with Maricopa County. Immunizations required for school admission are provided at no cost to all children in the community. For more information, please visit www.dysart.org or call the district’s immunization clinic at 623.876.7944.

State budget cuts to impact programs, student services

The bottom line...

Shortly after the celebration of the passage of the Dysart override in March, the Arizona State Legislature passed the state budget for the 2010-2011 school year, making cuts to K-12 education throughout the state. Due to state budget cuts, Dysart’s budget will be cut by $9.7 million beginning July 1. With the reduction of funding to next year’s budget, coupled with the state budget cuts in the last two years, the Dysart District budget has seen a loss in funding of $11 million. To absorb additional cuts to next year’s budget, the Dysart Governing Board approved the following program and student services cuts:

- A 2.5% reduction in all district level staff
- A 20% reduction in K-12 sports budgets.
- Reducing self-contained gifted bus routes to one bus, discontinuing the concept school student bussing to Canyon Ridge School
- Discontinue signature program shuttle bus
- Discontinue all K-12 after school activity bus routes
- Reduction of data records technician, attendance clerks and site level administrative secretaries work calendars to 219 days, reducing customer service in school offices
- Reducing reading and instructional coaches to one coach position per school
- $4.1 million capital reduction

Athletic Fee Changes:
High School: Increase in Pay to Play Fees for 2010-2011 to: $140 per activity / $280 per student cap / $400 per family cap
Elementary: Increase in Pay to Play Fees for 2010-2011 to: $70 per activity / $210 per student cap / $400 per family cap

Transportation Changes:
As a result of state budget cuts, Dysart will be making changes to some of the transportation services provided to students. The changes, outlined below, will not impact transporting students to school and home at the end of the school day. For transportation questions, please call 623.876.7030

- All after school activity busses will be discontinued (this does not include transportation for students immediately following school dismissal)
- Transportation for students at Canyon Ridge School will be limited to students identified in the self-contained gifted program.
- Discontinue signature program shuttle bus
