2017-2018
High School Athletic Parent and Athlete Informed Consent and Codes of Conduct Handbook
PHILOSOPHY

We, the administration and coaching staff of the Dysart Unified School District, consider interscholastic athletics a vital part of the total educational process. The Athletic Department is committed to the democratic process, which recognizes an equal opportunity for all students, regardless of sex, color, national origin, religion, or economic status. As administrators and coaches, we have the opportunity to make a difference in the lives of our student athletes, their families and the entire school community. Participation in athletics provides an opportunity to add to the overall educational experience of a student and teaches much more than sports, skills and fitness. Athletics are a vehicle to teach life skills, character, pride, self-confidence and much more. Development of these skills does not just occur when students participate; these skills are the result of athletic programs that choose to make them a priority.

Our philosophy is to provide all students with an environment that is safe and encourages active participation in a variety of activities under different teacher/coach role models. As members of the Dysart District Athletic Staff, we strive to foster positive experiences and guide our student athletes toward realizing their full potential. Through practices, games and example, the staff works toward preparing students to succeed rather than merely to win games. Win or lose, our students should learn lessons of a lasting and positive nature.

When students wear the colors of their school, it is assumed they will not only understand the traditions of their school, but will be willing to assume the responsibilities that go with them. The most important of the responsibilities students assume is to broaden and develop strength of character. Students owe it to themselves to derive the greatest in their academic studies, their participation in other extracurricular activities as well as in sports to help prepare themselves for their life as an adult.

Squad members also have the responsibility to be leaders in their school. A school cannot maintain its position as having an outstanding school unless students do their best in the activity in which they engage. The student body, our community and other communities judge each school by each student’s conduct and attitude, both on and off the field.

As a squad member, students also bear a heavy responsibility to their home. When students know in their heart that they have lived up to all the training rules, that they have practiced to the best of their ability everyday and that they have played the game “all out,” they can keep their self-respect and their family can be justly proud of them. The younger students in the Dysart Unified District are watching the student athletes. They will copy those student leaders in many ways. Student leaders should never do anything to let those younger students down and should always set good examples for them.

Within the sports programs, young people learn the values associated with discipline, performing under stress, citizenship, sportsmanship, confidence, leadership and organizational skills, participating within rules, physical well-being, striving towards excellence, and many other characteristics that come quickly to the mind of any parent.

This booklet has been prepared to give you a better understanding of interscholastic athletics. Included are:

- Arizona Interscholastic Association rules of eligibility
- Dysart Unified School District rules
- General information enabling you to adjust to interscholastic athletics

General tips to prepare you as a student athlete:

- Be prepared to represent your parents, your school, your coaches, your community, and yourself as well.
Do everything your coaches ask of you. They have all been there before!
Discipline yourself so others will not have to.
It is not hard to say “please” and “thank you”.
Remember it is easy to see the faults of others and not your own.
It is easier to blame others than yourself.
Actions should do your talking on the field, not your mouth around campus.

Good luck ladies and gentlemen, but remember, luck is when preparation meets opportunity.

**PARENTAL SUPPORT, INVOLVEMENT AND CONDUCT**

Parents of our athletes and students involved in other student activities are encouraged to become involved in our school booster club organizations. These groups are organized and run by parent boosters with the support of the school staff. Parents may contact the school administrators or the athletic director for information regarding membership or any other means the parent may wish to support the program.

The role of a Booster Club is to support, encourage and advance the athletic program and related activities of the Dysart Unified School District, thereby cultivating clean, wholesome school spirit, promoting good sportsmanship and developing high ideals of character.

Booster clubs shall promote projects to improve facilities and equipment necessary to provide an adequate athletic program for the school district.

Booster clubs shall not seek to influence or direct the technical activities or policies of the school administration or of the school officials who are charged with the responsibility of conducting the athletic program of the schools of the district.

Booster clubs shall do nothing which violates the rules of the Dysart Unified School District or in any way jeopardizes the membership of the school district with the Arizona Interscholastic Association.

We expect parents to join the staff in setting good examples. The school staff is charged with the responsibility for taking corrective steps when spectators create or contribute to fan behavior problems. We respectfully ask our parents to join in an overall effort to help make student sport participation a happy and healthy experience.

In most sports, spectator bleachers are provided. We expect the fans to say in the seating areas and not interfere with the coaches’ responsibility on the court or field of play.
INFORMATION FOR PARENTS AND ATHLETES

This information is presented to you as a parent or guardian because your son or daughter has indicated a desire to participate in interscholastic athletics and you have expressed your willingness to permit him/her to compete. Your family interest in this important component of our school program is gratifying. We believe that participation in sports provides a wealth of opportunities and experiences which assist students in personal adjustments.

We are concerned with the educational development of boys and girls through athletics and feel that a properly controlled, well-organized sports program can meet student needs for self-expression, social, mental and physical growth. It is our intent to conduct a program that is educationally sound in purpose and will enhance each student’s personal growth.

A student who elects to participate in athletics is voluntarily making a choice of self-discipline and self-denial. These are the reasons we place such stress on good training habits. This concept of self-discipline and self-denial is tempered by our responsibility to recognize the rights of the individual within the objectives of the team. There is no place in high school athletics for students who will not discipline their minds and bodies for rigorous competition. We are striving to excellence and do not want our students to compromise with mediocrity.

Likewise, we feel that you have committed yourselves to certain responsibilities and obligations. We would like to take this opportunity to acquaint you with the following procedures that are necessary for a well-organized program of athletics.

1. Parents and athletes must accept a degree of risk from participation in sports. An informed consent signature is required of both parent and athlete before participation in practice. Informed consent meetings are to be provided to all parents and athletes.

2. Athletes of any age who exhibit unacceptable conduct in or out of school or competition or through any on-line social network (including but not limited to: buying, selling, possession, or use of alcohol, tobacco, drugs, or steroids; fighting, threatening, stealing, lying, possessing false identification, forgery, cheating, vandalizing, violating school rules, trouble with the law, sending inappropriate messages or pictures, any other illegal activity or unacceptable conduct) may be suspended from interscholastic competition in accordance with the Dysart Unified School District formal suspension policy and the police and Arizona Department of Child Safety (DCS) may be contacted. In addition, the following violations are considered to be extremely serious: organizing, hosting, or having gatherings where drinking or use of controlled substances takes place; selling, providing, or distributing controlled substances; using steroids, carrying a dangerous or concealed weapon; being charged with or committing a felony. Any student who commits any of these violations may be suspended immediately and may be suspended up to three seasons pending an athletic council review. If persons in possession of alcohol or controlled substances (invited or uninvited) arrive at a gathering being hosted by a student, that student is responsible under this policy for the immediate removal of those persons and all alcohol or controlled substances from the premises. A responsible adult or the police should be contacted without delay if those persons refuse to leave. Code restrictions are in effect and enforced on a year-round basis and violations are cumulative over the course of a student’s high school career.

3. The coaches and trainers accept responsibility for instructing all athletes of the full extent of and reasons for rules and safety related to their sport. Parents must accept responsibility for reinforcing these rules. Written copies of the rules are distributed to both athletes and parents and posted where appropriate.

4. Parents and school staff must be willing to fully share all information regarding the athlete’s health, including injuries, illnesses, and other symptoms, no matter how slight.

5. Athletes who are mentally, emotionally, and physically conditioned for an activity are less susceptible to injury. With this thought in mind, the athletic department has determined that the following training rules will be applied to all sports:
   A. Annual physical examinations performed by a qualified doctor are required before a student
may participate in a sport. Many sport injuries occur because of inadequate screening before the season begins. This physical must be completed on or after March 1 to be eligible the following school year.

B. Athletes are expected to be drug free. Athletes will be informed about the dangers of mixing sports and drugs.

C. Parents and Student Athletes must also sign the “Parent and Athlete Informed Consent and Codes of Conduct Handbook” signature form which explains the consequences when an athlete is suspended from school for possession, or being under the influence of drugs while in school or at school-sponsored events.

D. Whenever possible, workouts will be scheduled during cooler mornings and evening hours when the weather is extremely hot. Outside practices will be cancelled if the temperature plus the relative humidity totals more than 150.

E. Athletes will be acclimatized to hot weather activity by carefully graduated practice schedules.

F. Adequate body fluids are critical. Water intake is to be encouraged before practice. Fluid loss and intake during practice is to be monitored.

G. Water breaks will be provided every twenty minutes during the hot weather season. The athlete’s water intake will not be limited.

H. Parents can assist coaches in watching for signs of trouble, particularly the determined athlete in any sport who may not want to report discomfort.

I. Athletes are not allowed to use dehydration devices.

J. Athletes may be provided with recommendations for off-season conditioning programs, including information on nutrition and motivation.

K. Athletes will not be required to perform beyond their current level of progress with regard to physical conditioning programs, performance techniques, or level of competition.

L. An athlete will not be allowed to return to physical activity after a serious illness or injury without written permission of the athlete’s doctor. The Athletic Trainer can override the doctor’s permission to allow participation if the Athletic Trainer does not believe the athlete is ready. An athlete who is injured playing their respective sport, practice or game situation, cannot be dismissed from a team unless one or more of the following occurs:

  - The athlete does not make a reasonable effort to obtain proper medical attention and rehabilitation for the injury from the Athletic Trainer.
  - The athlete does not attend practices and follow directions from the coach and Athletic Trainer.
  - The athlete’s attitude becomes disruptive to the team’s ability to perform in an acceptable manner.

If an athlete is being sent to the training room please make sure you are with another student, or accompanied by a coach. Ice is always available in the training room.

If an athlete goes to the doctor for an injury, they must have a note from that doctor to return to practice or to participate in a game. The return to practice note must be given to the athletic trainer. If an athlete participates without a medical clearance from the doctor or athletic trainer, they will be disqualified from practice or competition until released by the Athletic Director.

M. Written consent is required in order for an athlete to return to an activity after a serious injury, an extended illness, dismissal from the team or any extended absence. Athletes will not be allowed to return to physical activity after a serious illness or injury without written permission from the athlete’s doctor that treated the illness or injury. The athletic trainer and athletic director can override the doctor’s permission to allow participation if they do not believe the athlete is ready to practice or play in a contest. Both the athletic trainer and the athletic director will determine the number of practice days the student will miss prior to returning to competition. Each student must reach a safe level of cardio fitness and show no or minimal effects from the injury, illness or absence before they will be allowed to participate in the next competition. Special concerns are head injury, heat illness, mononucleosis, and diabetes

N. Year round conditioning is beneficial to the athlete’s health, and a vital part of any sport’s program for maximizing performance and minimizing injury.
O. Each high school is allocated a position for a Certified Athletic Trainer. Certified Athletic Trainers are qualified in the care of, prevention and rehabilitation of athletic injuries and are available to the athlete for help and advice. Decisions regarding medical treatment for serious injuries are left to qualified Physicians.

6. Only students enrolled at a member high school shall be eligible for interscholastic athletic/activity practice or competition. Students must be enrolled at the school in the student's attendance area unless granted Open Enrollment to a school not in the student's attendance area. No part of the student eligibility rules shall be set aside, nor shall any attempt be made to set aside by mutual agreement or any participating schools or their agents, for any contest whatsoever. The student eligibility rules shall not be supplemented or supplanted in any contest under the jurisdiction of the AIA.

7. If a parent has a complaint involving a coach, the parent must first speak with the coach to share the concern. If the parent is not satisfied, contact should be made with the Athletic Director who will arrange for a meeting with the parent and the coach.

8. The Governing Board of the Dysart Unified School district believes that drugs and alcohol have no place in school academics and activities. Students who are in possession, under the influence of illegal drugs or distribute or sell drugs are suspended for ten (10) school days or long term suspended for the first offense and may be long term suspended or expelled (by School Board action) for the second offense. Students who sell or in any way provide drugs or alcohol may be expelled on the third offense.

In addition to the suspension or expulsion referenced above, students participating in any AIA activity or school-sponsored club or organization will be removed from any form of participation in those activities for eighteen (18) school weeks or until the end of a school year.

A student may reduce his/her period of ineligibility to as few as six (6) school weeks by completing a district-approved intervention program.

We believe that keeping athletes and parents well informed encourages an environment which greatly reduces the potential for catastrophic injury.

- Parents and athletes must accept a degree of risk from participation in any sport.
- Staff members must communicate to athletes the full extent of and reasons for rules of safety related to their sport.
- Safety regulations appropriate to each unit shall be established for every activity and taught to all participants.
- Written and illustrated copies of safety rules and regulations shall be distributed to all athletes, and posted where appropriate.
- Open lines of communication (through meetings, written materials, phone calls, preseason parent meetings) must be established and maintained between staff and parents to make them aware of risks and how to reduce them.

MANDATORY PRESEASON PARENT AND ATHLETE MEETING

There will be a mandatory preseason player and parent meeting. The purpose of this informational meeting is to welcome your athlete into our new season.

Parents shall be informed in writing at a mandatory preseason meeting that the minimal health requirements for full participation are:

- Medical insurance coverage
- Acclimatization period (5 to 7 days with gradually increasing activity)
- Proper nutrition and hydration before and during the season
- Strict adherence to safety rules and regulations
- It is strongly recommended that students participate in a year round conditioning program
The athletic programs will be conducted in keeping with the highest ideals of sportsmanship and positive citizenship. Winning is not the primary goal of the program. Development of the athlete’s physical, emotional and intellectual capabilities is the primary objectives. Our coaches believe that promoting ethics, sportsmanship, and integrity in extracurricular activities should be a part of that challenge to excel.

Players, coaches, administrators, parents and spectators will:
- Be polite to officials
- Control anger
- Be respectful to opponents and officials
- Control spectator behavior
- Structure cheers to support the team
- Involve students and parents in a comprehensive sports citizenship program

SPECTATOR CONDUCT AT ATHLETIC AND EXTRACURRICULAR EVENTS

Any person, adult or child, who behaves in an unsportsmanlike manner during an athletic or extracurricular event may be ejected from the event that person is attending, and/or denied admission to school events for up to a year, pending a School Board hearing. Some examples of unsportsmanlike conduct include:
- Using vulgar or obscene language.
- Possessing or being under the influence of any alcoholic beverage or illegal substance.
- Possessing a weapon; fighting or otherwise striking or threatening another person.
- Failing to obey the instructions of a security officer, referee, coach or school district employee.
- Engaging in any activity that is illegal or disruptive.

The Superintendent may seek to deny future admission to any person by delivering or mailing a notice, sent by certified mail with return receipt requested. This notice should contain:
1. A description of the unsportsmanlike conduct.
2. The proposed time period that admission to school events will be denied.
3. Information advising that a review may be requested by the Superintendent.
PURSUING VICTORY WITH HONOR
CODE OF CONDUCT FOR SPECTATORS OF
INTERSCHOLASTIC ATHLETICS

This Code of Conduct applies to spectators of interscholastic athletics.

The Code has been adopted by the Arizona Interscholastic Association
and the Dysart Unified School District.

Athletic competition of interscholastic age student athletes should be fun and should also be a

DUE PROCESS
1. All athletes will be presented with a written statement of the Athletic Code of Conduct and accompanying regulations and penalties at the beginning of the season. BILL OF RIGHTS FOR THE ATHLETE
Participation in athletics is a privilege involving responsibilities and rights. The athlete has the responsibility to play fair, to give his or her best, to keep in training, and to conduct oneself with credit to the sport and the school. In turn, the athlete has the right to optimal protection against injury as this
may be assured through good technical instruction, proper regulation and conditions of play and adequate health supervision.

After a game or event a parent will wait 24 – 48 hours before contacting the coach to set up a meeting.

**DISCIPLINARY ACTION**

Any athlete who is in violation of the following rules shall be subject to disciplinary action in accordance with Dysart Unified School District’s Athletic Code.

Police and the Arizona Department of Child Safety (DCS) may be contacted.

**RULE 8** – Out-of-season sports violations
The following violations are considered to be extremely serious and are considered to be a reflection of the athlete and the school athletic program:

- Organizing, hosting or having gatherings where use of alcohol and/or controlled substances takes place;
- Selling, providing or distributing controlled substances;
- Using steroids;
- Carrying a dangerous or concealed weapon;
- Being convicted of a felony.

Any student who commits any of these violations may be suspended immediately from the current or next season of sport in which the student chooses to participate and may be suspended up to three seasons pending an administrative review. If any person in possession of alcohol or controlled substances (invited or uninvited) arrive at a gathering being hosted by a student athlete, that student athlete is responsible under this policy for the immediate removal of those persons and all alcohol or controlled substances from the premises. A responsible adult or the police should be contacted without delay if those persons refuse to leave. Code restrictions are in effect and enforced on a year-round basis and violations are cumulative over the course of a student’s high school career.

Written consent is required in order for an athlete to return to an activity after a serious injury, an extended illness, dismissal from the team or any extended absence. Both the athletic trainer and the athletic director will determine the number of practice days the student will miss prior to returning to competition. Each student must reach a safe level of cardio fitness and show no or minimal effects from the injury, illness or absence before they will be allowed to participate in the next competition.

**ATHLETIC RULES OF CONDUCT**

In addition to the requirements and consequences set forth in the Dysart Unified School District Discipline Procedures and the Arizona Interscholastic Association (AIA) regulations, all student athletes are responsible for adhering to the training rules listed below. These rules apply on or off campus.

1. **Student Conduct**: An athlete must be a positive representative of the school at all times, must be courteous to teachers, students, fellow athletes and adults. Athletes will not be disruptive, insubordinate or disrespectful to staff, students, parents or officials.

2. **Behavior and Attitude**: An athlete may be dropped from the team at any time the coach believes his/her attitude and/or behavior is detrimental to the team. Prior to any athlete being dismissed from the team the coach shall attempt to correct the problem(s) with specific alternatives. These alternatives may include involving counselors, teachers and parents. A meeting would be convened to discuss the student’s concern(s) or the specific issue(s) that was problematic. The results of the alternatives must be documented. The dismissal is subject to review and approval of the school’s Principal and Athletic Director.
3. **Theft**: The theft infraction includes but is not limited to: Taking articles from any school, restaurants, hotels or locker rooms. This will include the wearing or having possession of unauthorized school equipment or uniforms.

4. **Drinking or Tobacco**: This includes being in the possession of or having consumed any intoxicating drink or tobacco product.

5. **Drugs**: This includes use, possession of drugs or paraphernalia, or the sale or the distribution of any illegal drugs.

6. **Fighting**: Whether on or off campus, includes two or more persons engaged in any violent or physically hostile behavior directed toward each other.

7. **Travel**: Students must go to and return from athletic contests or off campus practices by school-supplied or designated travel. If a student must travel to or return from a contest or practice with his/her parents, he/she must have his/her parent make this request in writing to the coach prior to the contest. A copy of this permission slip can be obtained in the athletic office. When the request is approved, the student may travel to or from a contest or practice with their parent or guardian. Once at the site of the contest or practice, the athlete is not to leave the site without permission of the coach.

8. **Bullying/Harassment**: Bullying and or harassment of students is prohibited. Bullying and harassment mean physical or psychological abuse of another student by means of verbal or physical threats, intimidation, insults or other aggressive behavior and includes abuse based upon race, ethnicity, gender, religion or disability. #### TEAM SELECTION

In some sports, there is a limit to the number of athletes that can be selected for the team. Our coaches have developed selection procedures which have been approved by the school principal and athletic director. Each athlete who shows up for tryouts is given a fair opportunity to demonstrate his or her skills and attitude. Decisions made by the coaches are final. Each coach must provide written criteria that score each of the athletes at various skills and other criteria. Each coach will keep a copy of their rubric or written criteria on file, in case any parent/guardian/athlete asks why they did not make the team. All rubrics and written criteria must be approved by the school administration prior to their implementation with athletes. Parents can set up an appointment with a coach to review their child’s form. Parents will follow the Family and Coach Agreement for setting up a meeting (See Page 35).

#### PRACTICES

If you are a member of a school team, you may not practice or compete with a non-school team in the same sport during the same season. You will become ineligible if you violate the above rule.

#### TRANSPORTATION

The Dysart Unified School District will provide transportation for all players, personnel and coaches of athletic teams in authorized school vehicles when a contest has been scheduled at an opponent’s facility. The responsibility involves transporting them from the school site to the site of the contest and then returning them to the school site.

A. Parents may not transport student athletes except in emergency situations or upon written approval by the school administration. Athletes are prohibited from driving to an out of town competition, scrimmage or practice.

B. Student athletes will not be released after contests for transportation home to anyone other than immediate family members (parent/guardian) that is a legal driver. Written permission from the parent can release an athlete to a brother, sister, grandparent, aunt or uncle.

C. In general, bonded, commercial carriers should be used for out of town transportation.

#### SPORTSMANSHIP RULE

A. Our administrators, teachers, and athletic staff expect athletes to demonstrate good sportsmanship and citizenship at all times. Athletes not living up to this expectation may lose team membership or playing time.

B. If you are ejected from an interscholastic contest for unsportsmanlike conduct, you will be ineligible for your team’s next contest. If this action occurs a second time, the student will be dismissed from the athletic program for the remainder of that season.
ATHLETIC AWARDS

All athletes meeting the minimum requirements will receive a Dysart District Athletic Award. Special awards will be given to all division and state championship teams. The head coach in any specific sport may give individual awards.

Authority to make awards: The head coach shall recommend to the Athletic Director all athletes meeting the requirements for an award. The Athletic Director and coach will then review this recommendation. Awards will be given at the end of the season athletic meeting/banquet.

General criteria for earning an award:
- Attendance at all practices (unless excused by the coach) is mandatory.
- Athletes must abide by all training rules set by the athletic department.
- All athletes must FINISH the season in good standing.

Special situations:
- Cheer and Spirit Line athletes will receive the same awards as other athletes.
- Managers and statisticians will receive the same awards as athletes.
- Special situations (injured athletes, transfer students, an athlete who plays on a varsity team for three months, but does not earn an award, etc.) can receive a letter based upon a recommendation from the coach and approval by the Athletic Director.

DYSART UNIFIED SCHOOL DISTRICT ACADEMIC ELIGIBILITY

- Students who, upon having their work checked on a cumulative basis at the end of each two-week period, show that they are not working to capacity and have one or more failing grades will be placed on an ineligibility list:
  - The first time a student is on the ineligibility list they will be placed on a pending list for a two-week period and will be allowed to practice and participate in athletic contests.
  - The second time a student is placed on the ineligibility list for the same class, will be ineligible to participate in an athletic contest but will be allowed to practice.
  - The third time a student is placed on the ineligibility list for the same class, will be ineligible to participate or practice for any athletic contest. When and if the student is found to be passing all classes at a future grade check will eligible to participate and practice.

- Athletes not meeting the grade requirement will become ineligible the following Monday and remain ineligible to participate in any athletic or activity contest for the entire two-week period. Students must be enrolled in and passing all six courses and passing all classes the first six semesters of high school and a minimum as determined by the District during the seventh and eight semesters.

It is necessary to have the extracurricular activities function within a realistic framework of control and in order that overenthusiastic students do not place a social or athletic function on a higher plane than the academic program.

STUDY TABLE/EARLY RELEASE

If a student becomes ineligible, it will be the responsibility of the student and coach to make arrangements with the classroom teacher involved to obtain additional help to aid in re-establishing eligibility. Coaches may run study tables during their season to aid student athletes to stay or regain eligibility.

- Any student athlete who falsely changes a failing grade will become ineligible immediately for the remainder of the season. If this forgery takes place during the last grading period, the ineligibility period will be extended one grading period into the next season.

- On Monday early release days any athlete needing to stay on campus must report to the required or designated area for a supervised study hall. A coach or designee will be assigned to the area; all athletes need to be in the required area by 1:20 p.m. This is a great time to get all homework or extra reading done. Please be in this area on time and ready to work or help tutor another athlete.

NCAA ELIGIBILITY

Any student with the desire to participate in athletics after high school should contact their guidance counselor regarding eligibility. Academic eligibility requirements are different at each level. More information can be found on: www.acaa.org; www.naia.org; www.njcaa.org

College athletes have full schedules and must always remember that academic success should always be the number one priority for all student athletes. Any college bound athlete faces many challenges including, practice schedules, eligibility rules, academic success and being away from home. Keep priorities in order and remember college first and athletics second. When talking to recruiters, avoid situation that might leave you facing disciplinary action or without a degree or athletic eligibility. Learn all you can about the rules governing recruitment before contacting college coaches, players or alumni. WHAT IS A CONCUSSION?

The American Academy of Neurology defines concussion as “a trauma-induced alteration in mental status that may or may not involve loss of consciousness.” This signifies that a person does not have to be knocked unconscious to receive a concussion. When an athlete sustains one concussion, they are more susceptible to suffer another concussion in subsequent contests.

A. Some Signs and Symptoms of Concussion

1. Vacant stare
2. Delayed verbal and motor responses (slow to answer questions or follow directions)
3. Memory Deficits; Confusion and inability to focus attention (easily distracted)
4. Slurred or incoherent speech (making disjointed or incomprehensible statements)
5. Gross observable incoordination (stumbling, inability to walk tandem/straight lines)
6. Emotions out of proportion to circumstances (distraught, crying for no apparent reason)
7. Disorientation (walking in the wrong direction; unaware of time, date, and place)
8. Any period of loss of consciousness (paralytic coma, unresponsiveness to arousal)
9. Persistent headache
10. Double vision
11. Nausea/ may be accompanied by vomiting
12. Tinnitus (ringing in the ears)

B. Protocol for Suspected Head Injury

1. Determine the level of consciousness.
   - If unconscious, call 911, check airway, breathing, and circulation-**DO NOT MOVE THEM!**
   - If conscious, continue to #2
2. Remove the athlete from the activity
3. Observe athlete for movement, disorientation or confusion.
4. Talk to athlete to determine if they:
   - Are disoriented
   - Have a headache or blurred vision
   - Have any memory loss
   - They are sick to their stomach
5. If any of these symptoms are present, continue to observe the athlete for 15 minutes.
6. Do not allow the athlete to return to practice or re-enter any contest or event.
7. Contact parent or guardian and inform them of the suspected head injury.
8. Inform parents to watch their son/daughter carefully.
   - The student will probably fall asleep very easily.
   - The student will need to be woken up two or three times the first night to make certain they are able to communicate normally.
9. Inform parents to contact a doctor or transport their son/daughter to the emergency room if they are not able to wake up all the way, are having seizures, are acting unusual in any way, or if any symptoms listed above worsen.
   **If any of these symptoms persist for longer than 15 minutes, that athlete should not be allowed to return under any circumstances. The athlete should be observed by an adult, and seen by a physician within 24 hours.**

C. Determining When Advanced Care is Necessary

1. When a head injured athlete is allowed to go home, there are certain circumstances which warrant emergency medical care. If any of the following conditions exist, do not delay—call 911 or transport them to the nearest emergency room if:
   - At any time, there is a loss of consciousness.
   - The athlete is incoherent, vomiting, or has blood or discharge around the ears or eyes.
   - There is a loss of vision, hearing or other senses.
   - A headache persists or worsens.
   - One pupil becomes larger than the other.
   - The athlete’s condition worsens or any time the athlete “just isn’t right.”
ATHLETIC ELIGIBILITY PROCEDURES

Before being allowed to participate in a practice or an athletic contest, each student must be cleared by the Athletic Director. GENERAL ATHLETIC RULES

The athletes within the Dysart District occupy a position of influence and leadership within the school and the community. It is, therefore, acknowledged that certain procedures will be followed that are stricter than general school rules.

Each athletic team has its own specific guidelines toward the functioning of that particular sport. However, there are circumstances that fall into general categories and it is important for you to be aware of these prior to participation in athletics. Hopefully, the following will make you more aware of these situations.

Participation on two teams in the Dysart District during the same season is an accepted procedure with the following guidelines:

- There must be mutual consent by the head coach of each sport.
- An equitable practice schedule must be followed.
- Game conflicts must be solved before the season begins.
- Both teams must be satisfied with the situation.

1. **Cut-off dates:** All athletes must have all necessary paperwork completed and issued by the following dates:
   - **Varsity** — Starting practice date…with the exception of football noted below.
   - **Junior Varsity and Freshman** — one week after starting practice date…with the exception of:
     - **FOOTBALL**
     - **Varsity** — One week after school begins.
     - **Junior Varsity and Freshman** — Two weeks after school begins.

2. Athletes are expected to practice every day unless arrangements are made in advance directly with the head coach of that sport. Athletes who miss practice may not be allowed to participate in the next contest.
   - An athlete will not dress out or participate in a game or practice unless they are in attendance at least 1/2 of that day. Excused absences are considered as being in attendance.
   - An unexcused absence from school automatically forfeits participation that day. The day the unexcused absence is discovered is the day of forfeiture.

3. Equipment checked out to an athlete must be returned or paid for prior to beginning a new season. Athletic equipment returned in good condition (allowing for normal wear and tear) will be accepted.

4. An athlete who quits or is removed from any level team will not be allowed to participate on another team without the complete consent of both coaches involved, along with the Athletic Director.

5. An athlete who is dismissed from a team will under no circumstances be allowed to begin practice for another sport until their original season of competition has been completed.

6. Athletes representing the Dysart District will be expected to dress and groom themselves in an exemplary manner at all times during the season of practice and competition.

7. Gang membership is defined as belonging to a group whose purpose is not socially, morally and ethically accepted by the school and community. Gang membership is not tolerated within the athletic program. If your choice is to belong to one of these types of “gangs,” then you should not choose to be an athlete.

8. All athletes **MUST** ride the TEAM BUS to the scheduled event. Parents may take the student home after the game with a one day written notice signed by the Athletic Director and coach. **THE COACH MAY DENY THE REQUEST FOR TEAM REASONS.**
STEROIDS AND PERFORMANCE ENHANCING SUBSTANCES
The use of performance enhancing substances at the high school level is a concern in athletics. This use has serious short and long-term consequences to the health and well being of all athletes. The Dysart School District does not approve of, or condone, the use of performance enhancing substances for increased muscle development or enhanced athletic ability. This issue goes beyond protecting the integrity of athletics. This use is considered cheating. We stand opposed to the use of any performance enhancing substances by athletes and members of the student body because of health and ethical concerns. By the parent and athlete signing this handbook, we have agreed to adhere to this anti-performance enhancing substance position, as prescribed by the Dysart Unified School District.

HEAT INDEX AND WATER IN ARIZONA
The heat index and water have become two very important safety concerns for our athletes. Coaches will be closely monitoring both these essential elements in practice and competition. Parents and athletes play a major role in this process. Pre-hydration and re-hydration are crucial to safe participation in all physical activities. It is essential that parents attend pre-season meetings and talk with the coaches to ensure and monitor safe participation for the student athletes.

TOBACCO
36-798.03. Tobacco products prohibition at schools and school-related areas; exception; violation; classification
   A. Tobacco products are prohibited on school grounds, inside school buildings, in school parking lots or playing fields, in school buses or vehicles or at off-campus school sponsored events. The Dysart Unified School District has approved ‘Register My Athlete’ as the new process for athletic clearance for the 2017-2018 school year. The ‘Athletic Packet’ is now online and the instructions for completing it are below.

Once the process is complete, your son or daughter will be eligible to participate in athletics at the high school. The registration process begins July 11, 2017. If you have any question, please call your school's Athletic Secretary or you can contact Register My Athlete directly (their contact information is at the end of the following instructions).

Instructions for Parents:

Register My Athlete allows parents to register their athletes for sports online. Here are some basic steps to follow when registering your athlete for the first time:

1. Find Your School: Find your school by going to http://registermyathlete.com/schools/, selecting your state, and finding your school. Click on the school to continue to the next step.

2. Create an account: Now begin creating your account by clicking the “Create An Account” button. After filling in the required information the system will automatically log you in and you will be required to accept the terms.

3. Add a new athlete: The next step is to add an athlete. You can do so by clicking the “My Athletes” tab on the left-hand side of the page or by clicking “Add Athlete” underneath the “My Athletes” tab. This only needs to be done once during your athlete's entire career at a school. The information entered here will carry over from year to year. This information includes your athlete’s contact information and medical information.

4. The athlete’s profile: After you’ve created your athlete you will be brought to their Profile page. This page is a summary of their info and involvement.

5. Register for a sport: Click “+ Register For A Sport” to begin registration, you will be asked to choose which sport your athlete is registering for.

6. Your registration checklist: This page shows the status of your athlete's registration. You will be asked to complete several steps to complete registration including agreeing to documents, and completing the physical.

7. Physicals: Physical documents include a health history that should be completed by the parents and the physical to be completed by a medical professional. Parents have the ability to upload these physical documents to the system or bring them into the Athletic Office. Uploaded documents will need to be verified by the admin at the school prior to be accepted as complete. (If a document upload is rejected for any reason, the parent will receive an email with the rejection reason. After the error has been corrected, parents will be able to re-upload the document for verification.)

8. Complete registration: Your registration is complete once all items on the checklist have been completed.

9. After registration: After registration is complete, you can login at any time to view the Status of your athlete and their participation on the team.

Additional Athletes: Under the same account, repeat steps 3-9 to register additional athletes.

Future Seasons & Years: Once your athlete has been added to your account, you only need to follow steps 5-8 to register them for another sport.

AIA SPORTSMANSHIP RULE

Athletic contests are sports and games participated within the confines of a rule system that assures participants equality in competition. The National Federation of Interscholastic Athletics Association designs most of these rules. They are set up by committees of coaches throughout the United States to assure safe and equitable competition.

This issue addresses those rules set up by an ethics and sportsmanship committee to assure that we not only abide by a standardized set of rules, i.e. spearing, 4 balls and three strikes, 3 point field goals, etc. but also a behavioral set of rules. Sportsmanship rules involve, but are not limited to “trash talking,” profanity, delivering a blow after the whistle, throwing at a batter’s head, etc.

Within the Dysart Unified School District, we will support following the letter of the obvious rules and, just as strongly, following the Sportsmanship and Discipline Code.

If an Arizona Interscholastic Association (AIA) contest official determines that a coach or player has acted in an unsportsmanlike manner during a period or intermission, the coach or player may be ordered to leave the contest.

A coach or player ejected from a contest for any reason shall be subject to the following without appeal:

**First Ejection** – Ineligible for the next contest at that level of competition and all other contests during that interim at any level. Any person ejected from a contest shall not participate the remainder of that day.

**Second Ejection** – Ineligible for the next two contests at that level of competition and all other contests during that interim at any level. Any person ejected from a contest shall not participate the remainder of that day.

**Third Ejection** – A similar infraction of Article 16, Section 16.3 Paragraph 16.3.1 of the AIA Bylaws by the same player during the same season will result in cessation of the season for the player concerned.

**End-Of-Season Ejection** – If a penalty is imposed at the end of the sport season and no contest remains, the penalty shall be enforced at the beginning of the subsequent season of competition in which the coach or player participates.

DISCIPLINE APPEALS PROCESS

If the athlete feels that they have been unfairly treated, regarding any disciplinary issue other than the bad sportsmanship ejection rule, he/she can appeal this decision to the school Athletic Director. The appeal must be in writing and sent to the athletic director within five days of the notification or the disciplinary issue. Only the incident will be evaluated. The school Athletic Director will review the incident within two school days and make a decision on the appeal that day. If the appeal is granted, the athlete will be immediately reinstated. If the appeal is denied, the athlete can make a second appeal to the building principal. This appeal must be in writing and presented to the principal within five days of the notification of the results of the first appeal. The decision of the principal is final.

If the incident occurs at a Friday contest, the athlete in question will remain eligible until the following Monday, when the school Athletic Director will hear the appeal. If the appeal is turned down by the Athletic Director, I understand that I can appeal that decision to the building principal.

Written consent is required in order for an athlete to return to an activity after a serious injury, an extended illness, dismissal from a team or any extended absence. Both the athletic trainer and the athletic director will determine the number of practice days the student will miss prior to returning to competition. Each student must meet a safe level of cardio fitness, and show no or minimal effects before they will be allowed to participate in the next competition.

By signing this agreement, I understand that if my behavior during athletic contests warrants my being expelled from the contest, I will not be allowed to participate in the next athletic contest. If this action occurs a second time, I will be dismissed from the athletic program for the remainder of that season.

I also understand that when the student’s behavior causes a danger to self or to other, an out-of-school suspension may be immediate. During any off-campus suspension, a student is not permitted on district property or at district functions/events.

Public Media and Social Network Procedures for Student-Athletes

Public Media: Public media refers to technologies used to communicate messages and whose mission is to serve or engage a public. Public media domains include print outlets, traditional broadcasts, and digital platforms. When utilizing any public media outlets, student-athletes are expected to conduct themselves responsibly as members of their respective team, the Athletics Department, Dysart Unified School District and the community.

Social Networks: Social network sites such as Facebook, Twitter, and other digital platforms and distribution mechanisms facilitate student communicating with other students. Participation in such networks has both positive appeal and potentially negative consequences. It is important the Dysart Unified School District student-athlete be aware of these consequences and exercise appropriate caution if they choose to participate.

Student-athletes are not restricted from using any on-line social network sites and digital platforms. However, users must understand that any content they make public via on-line social networks or digital platforms is expected to follow acceptable social behaviors and also to comply with federal government, state of Arizona, Dysart Unified School District, Arizona Interscholastic Association (AIA) and National Collegiate Athletic Association (NCAA) rules and regulations.

Facebook and similar directories are hosted outside of the Dysart Unified School District server. Violations of district policy (e.g. harassing language, drug or alcohol policy violations, copyright infringement, etc.) or evidence of such violations in the content of on-line social networks or digital platforms are subject to investigation and sanction under the Student Code of Conduct and other District policies. They are also subject to the authority of law enforcement agencies.

Guidelines for Student-Athletes

The District guidelines are intended to provide framework for student-athletes to conduct themselves safely and responsibly in an on-line environment. As a student-athlete in the Dysart Unified School District you should:

1. Be careful with how much and what kind of identifying information you post on social networking sites. Virtually anyone with an email address can access your personal page. It is unwise to make available information such a date of birth, social security number, address, phone number, cell phone numbers, class schedules, bank account information, or details about your daily routine. All of these can facilitate identity theft or stalking. Facebook and other sites provide numerous privacy setting for information contained in its pages; use these settings to protect private information. However, once posted, the information becomes property of the website.

2. Be aware that potential current and future employers often access information you place on on-line social networking sites. You should think about any information you post on Facebook or similar directories potentially providing an image of you to a prospective employer. The information is considered public information. Protect yourself by maintaining a self-image that you can be proud of years from now.

3. Be careful in responding to unsolicited e-mails asking for passwords or PIN numbers. Reputable businesses do not ask for this information in e-mails.

4. Do not have a false sense of security about your rights to freedom of speech. Understand that freedom of speech is not unlimited. The on-line social network sites are NOT a place where you can say and do whatever you want without repercussions.

Prohibited Conduct: Student-athletes are highly visible representatives of the District and are expected to uphold the values and responsibilities of the District while meeting all requirements set forth by the AIA and the Dysart Unified School District interscholastic athletics program. The District and High School department of Athletics prohibits malicious and reckless behavior when utilizing public media outlets. It is important that student-athletes recognize the power of public media domains and the potentially negative image that they can portray about student-athletes, coaches, the athletic program and institution.
Sanctions: Any inappropriate activity or language in violation of the above prohibitions, including first time offenses, is subject to investigation and possible discipline by the District and/or the Athletics Department, as well as civil authorities. Sanctions imposed by the Director of Athletics may include, but are not limited to, the following:

- Written notification from the Director of Athletics or assignee to the student-athlete outlining the policy and requiring that the unacceptable content be removed or the social network profile deactivated.
- Temporary suspension from the team until prescribed conditions is met.
- Suspension from the team for a prescribed period.
- Indefinite suspension from the team.

Dismissal from the team: Athletes of any age who exhibit unacceptable conduct in or out of school or competition or through any on-line social network (including but not limited to: harassing language; tobacco, drug, alcohol or steroid policy violations; fighting; threatening; stealing; lying; possessing false identification, forger, cheating, vandalizing, violating school rules, trouble with the law, sending inappropriate messages or pictures, any other illegal activity or unacceptable conduct) may be suspended from interscholastic competition in accordance with the Dysart Unified School District formal suspension policy and the police and the Department of Child Safety may be contacted. In addition, the following violations are considered to be extremely serious: organizing, hosting, or having gatherings where drinking or use of controlled substances takes place; selling, providing, or distributing controlled substances; using steroids, carrying a dangerous or concealed weapon; being charged with or committing a felony. Any student who commits any of these violations will be suspended immediately and may be suspended up to three seasons pending an athletic council review. If persons in possession of alcohol or controlled substances (invited or uninvited) arrive at a gathering being hosted by a student, that student is responsible under this policy for the immediate removal of those persons and all alcohol or controlled substances from the premises. A responsible adult or the police should be contacted without delay if those persons refuse to leave. Code restrictions are in effect and enforced on a year-round basis and violations are cumulative over the course of a student’s high school career.
