MARLEY PARK
ELEMENARY SCHOOL

Continuous Improvement Plan

SCHOOL NAME: Marley Park
PRINCIPAL’S NAME: Jessica Felix
SCHOOL YEAR: 2020-2021

Required Components:

Integrated Action Plan (IGA)
Professional Development Plan
Resource Plan
# Marley Park Goal One

**Principle 2 - Effective Teachers and Instruction**

Effective instruction occurs with quality teaching in a student-centered, safe environment where there are high expectations for all students to succeed. Teachers have a solid knowledge of the content they teach and a common understanding of the content standards and curricula. It includes intentional planning and emphasizes evidence-based best practices for teaching and learning. It also requires teachers to have a strong understanding of the assessment system and how to use data to make instructional decisions for all students.

| **Primary Need:** | Teachers need to plan rigorous, and aligned instruction providing a guaranteed and viable curriculum for all students while engaging students at high levels of cognitive demand. |
| **Root Cause:** | Not all teachers understand their grade level state standards, and the depth of knowledge in which students need to perform to reach mastery of content. |
| **Needs Statement:** | Teachers need to know their standards and understand how rigorous and aligned instruction with high levels of engagement will lead to deeper student understanding and performance. |
| **Desired Outcome:** | Teachers will unpack grade level standards and write aligned objectives at depth of knowledge level two or higher with aligned and rigorous, engaging instructional activities. |

**SMART Goal:**

In order to raise academic achievement as measured by AzMerit moving from 54% in proficient and highly proficient in 2019 math to 59% proficient and highly proficient and 57% in 2019 ELA proficient and highly proficient to 62% proficient and highly proficient at Marley Park, the following three academic SMART goals will be achieved:

- By May of 2021 all teachers at Marley Park will engage 85% of their students in authentic learning as evidenced by the Dysart Instructional Protocol.
- By May of 2021, all teachers will write and post objectives at a DOK 2 or higher, aligned to grade level standards. Evidence will be collected using the Dysart Instructional Protocol.
- By May of 2021 85% of teachers will plan and facilitate activities that are aligned to the learning objective as measured by the Dysart Instructional Protocol.

### Marley Park Goal Two

<table>
<thead>
<tr>
<th>Principle 5 - Conditions, Climate and Culture</th>
<th>Primary Need:</th>
</tr>
</thead>
<tbody>
<tr>
<td>Inclusive schools are conducive to student learning, fulfillment and well-being, as well as professional satisfaction, morale and effectiveness. Students, parents, teachers, administrators and other stakeholders contribute to their school's culture, as do other influences such as the local community, the policies that govern how it operates and the school's founding principles. School conditions, climate and culture are impacted by the beliefs, perceptions, relationships, attitudes and written and unwritten rules that shape and influence every aspect of how a school functions. They also encompass concrete issues such as student physical and emotional safety, a healthy school environment, the orderliness of classrooms and public spaces and the degree to which a school embraces and celebrates racial, ethnic, linguistic, academic and cultural diversity. (5.1 &amp; 5.2)</td>
<td>(5.1 &amp; 5.2) Staff needs to have common and high expectations for students at Marley Park, building mutual respect amongst students, staff and families.</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Root Cause:</th>
<th>Needs Statement:</th>
</tr>
</thead>
<tbody>
<tr>
<td>Having common/ high expectations for all students is not practiced in all classrooms with all staff on campus.</td>
<td>Staff need to get to know their students, and set high expectations, holding each of their kids to high expectations with common language.</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Desired Outcome:</th>
<th>SMART Goal:</th>
</tr>
</thead>
<tbody>
<tr>
<td>Staff will work to build positive and meaningful relationships with students on campus, and set high behavioral expectations using common language for all students through PBIS and will implement and practice Restorative Justice Strategies.</td>
<td>By May 2021, PBIS expectations will be implemented with fidelity in each classroom and setting on campus. Staff will utilize Restorative Justice Practices in appropriate settings as evidenced by a decrease in the percent of total student population who receives an office referral moving from 14.6% in 2019-2020 to less than 10% in the 2020-2021 school year.</td>
</tr>
</tbody>
</table>
Strategy #1: PBIS

Staff will roll out the PBIS expectations at Marley Park, a common understanding and language will be shared amongst staff and students.

<table>
<thead>

### Marley Park Goal Three

| Principle 5 - Family and Community Engagement | Primary Need:  
(6.1 & 6.2) Parents and community need to feel welcomed and connected to the community school of Marley Park. |
|-----------------------------------------------|---------------------------------------------------------------------------------------------------------------|
|                                               | **Root Cause:**  
Through the past few years, turnover in leadership has provided a lack of consistency, communication and built a lack of trust with many families and community members. |
|                                               | **Needs Statement:**  
Communication needs to be strong, family engagement needs to be heightened and parents/community members need to feel welcomed at school events. |
|                                               | **Desired Outcome:**  
Marley Park will partner with families, community members, PTA organization and other community partners to build a strong school connection where communication is readily available, and events are planned to include all stakeholders. |

**SMART Goal:**  
By May of 2020, increase awareness of key processes aligned to safety, instruction and student expectations as measured by stakeholder surveys and participation rates.
