

Hello Kingswood Families -

We are so excited to welcome our Kindergarten through 4th grade in-person learners back to campus on Monday morning. We know this school year has not started the way any of us wanted it to, but we appreciate all of your on-going support. As we get closer to another transition point we wanted to remind all families of a few things prior to Monday morning.

### **First Day Back Reminders**

As we transition back to in-person learning we need to remind everyone we are currently not allowing any visitors on to campus during the instructional day. ***This means on Monday morning, we will unfortunately not be allowing families to walk back to the classrooms with their children.*** We will have many hands available to support getting all of our students to class safely, so there will be no need to worry. Our teachers wanted to share a quick peek into their classrooms ahead of Monday. Please take a few minutes to review your grade level's video linked below:

### **Parent End of Day Pickup Procedures**

Please review our end of day procedures, which are new this year: [2020 - 2021 End of Day Parent Pick Up Procedures](#)

Please note our staggered dismissal times to support social distancing:

- **2:50pm** - Kindergarten - 2nd Graders (**NEW:** All non-bus K-2 students will be dismissed via the cafeteria. Families are strongly encouraged to use the pickup car lane. If you need to walk to pick-up your child, please plan on a socially distanced line along the sidewalk. Indicated by Xs on the map by the purple star)
- **2:55pm** - 3rd - 5th Graders
- **2:57pm** - 6th Graders
- **3:00pm** - Preschool, 7th & 8th Graders

### **Annual Update - [Dysart Parent Portal](#)**

Please complete the annual update for your child if you haven't done so already. It is very important for the school to have updated information about your child. Without this information the nurse can not give your child any medications. We also want to be sure we have the most updated contact information and approved emergency contacts listed. [Here is a link to the instructions on how to complete.](#)
