

August 21, 2020

Dear Countryside Learning Lab Parents,

We have just completed week one in the learning and we truly appreciate your patience and understanding as we work out various logistics. All the students are doing a wonderful job of following the learning lab expectations and they are working hard. Their resilience, flexibility, and technology skills are amazing!

As we move into week two, please note of the following items.

- Arrival:
1. Students can begin arriving at the learning lab at 8:30 am. Please do not bring them earlier as our staff are still sanitizing and organizing. Learning does not start till 9:00 am.
 2. Please pull through the loop and stay in your vehicle. Our staff will take your child's temperature and have you sign them in.
- Departure:
1. If you are picking up your child prior to 3:40 pm, please come to the front office to sign them out.
 2. If you come at 3:40 pm-3:45- please stay in your car. Our staff will call for your student and provide you the sign out sheet. You will sign your student out.

Other Reminders:

1. Please remind your students about wearing their masks. All students will be provided mask breaks throughout the day. Students do not wear masks during lunch or recess.
2. Please remind your student about social distancing. We know that it is hard and they love being with friends, but it's important that they maintain 6 feet away from one another at all times.
3. Your student may bring snacks to the learning lab. They are given numerous breaks from their teacher. This is a perfect opportunity to grab a bite to eat and re-energize.
4. Breakfast and lunch are available in our school cafeteria.
5. PLEASE send your student with a water bottle. Students can only use the water fountain to fill up their water bottle.
6. Students can bring any equipment to play with at recess and lunch breaks. They will not be sharing their personal belongings with other students -Examples: Jump Ropes, basketballs etc.

If you have any questions or concerns, please feel free to contact me at 623-876-7805.

Respectfully,

Michelle Hill
