

Welcome to iSchool at Countryside Elementary School

Communication and time management are key to your success.

Welcome!

We are so excited to have you as part of our iSchool program here at Countryside Elementary! This year you will be learning the same things as your face-to-face counterparts, but just in a different manner. Here are some important details that will help you be successful throughout your year with us!

Teacher Support

→ If you are in need of support, email your iSchool teacher. Expect an answer within 24 hours, as your iSchool teacher at Surprise is currently supporting Remote Learning students as well.

→ You might be invited to attend optional group sessions that the remote learning students will be attending. It will be up to you and your family if you choose to attend **these sessions**.

→

Your teacher may contact you for remediation, if progress is not being made.

Stay Active!

→ To be successful, it is strongly recommended that you stay on course pace, be active and submit work in a timely manner.

Attendance

→ Teachers will log state reported attendance in the AM Attendance Course when you check in once a day.

→ Students must check in once during the regular school day. Check in may include:

- Physically attend a lesson
- Email the teacher
- Complete/turn in an assignment (teacher notified)

What to Expect

→ Begin by checking in with your teacher, you must check in daily. A great time to do a check in would be the 1st 30 minutes of the day. This would allow the iSchool student to meet with the class and hear the daily and weekly updates.

→ The iSchool course will have lessons and assignments open for the students to begin. Be sure to read all directions, and follow the lesson sequence. Some lessons have videos, practice problems, and other tools to assist in learning. At the end of each lesson there will be an assignment. Complete the assignment and submit it to your teacher via the Schoology platform.

If you are experiencing difficulty with an assignment or has a question, you will need to email your **teacher** to ask for assistance or remediation. You can expect a response from your teacher within 24 hours.

→ Your teacher will set up a time to meet virtually for feedback or assistance.

Log In!

→ Students, please go to **dysart.schoology.com**. Use your regular login and password. → You can also email your iSchool teacher with any questions.

If you need a password reset, contact your teacher.

Parent/Guardian Support

Online students tend to do better with parent support. Here are a few ways to help. Parents can log in and see students grades and progress in our online courses at any time.

If you don't have a parent portal set up, please click here:
dysart.org/parentportal

→ **Please go to dysart.schoology.com**. Use your parent portal login and password.

→ There is an app available for Schoology if you wish to add it to your device.

→ Familiarize yourself with the online platform and iSchool.

→ Routinely monitor your student's progress and grade by logging into the platform.

-

Contact the instructor for course questions.

Questions or Concerns?

Let your iSchool teacher know or call Surprise Elementary School office so that we may resolve and support your learning and success .

Thank you for your cooperation and welcome to iSchool at Countryside Elementary School!
