Ms. Richards called the meeting to order at 3:57 pm. Roll was taken.

CIP Update

Ms. Richards advised that the CIP will be looking a lot different this year. It is much more labor intensive. The Instructional Cabinet is conducting a needs assessment of the school. There are 100 questions regarding our school and areas of improvement that are being scored by, the cabinet are taking the 4 lowest scored responses and doing a fishbone activity to find the root cause of why they scored low and how we can fix it.

Budget Information

Anna Adkins gave a brief overview of funds available and the criteria of School May Designate funds.

Club Requests

No requests at this time.

Round Table

Mr. Cox questioned if we were going to have a baseball coach for this year's season, Ms. Richards advised that we did hire someone who is currently going through the hiring process and we are looking for him to be able to start next week.

Ms. Richards advised the council about a new program at Cimarron this year "Sustainable Engineering" She explained what it entailed and asked for any feedback from the Council.
