Good Afternoon Falcon Family,

Western Peaks has been buzzing with excitement and learning! It has been wonderful to walk through the classrooms and observe the great things happening in our Preschool - 4th grade classrooms.

Thank you for adhering to our parent drop-off and pick-up procedures. The process is definitely going more smoothly. Please remember to stay in your vehicle during the process, as getting out of your car does slow down the process of moving cars forward.

With all of the fantastic things that are happening as we return to school, we are also experiencing some of the challenges that occur when returning. Please note, if your child has any symptom of not feeling well, please keep him/her home. We do not want to spread any illness to others. Sending students to school when they have symptoms of a cold, flu, or covid causes a domino effect with other students.

Annual Student Update ~

All parents need to complete the Annual Student Update for each child enrolled in our school. This can be done online via the Parent Portal. Please get this completed ASAP, as it contains important contact information updates, emergency contacts, permission for technology and medications, etc.

Sincerely,
Principal Brown
