HIGH SCHOOL

GOAL 1	GOAL 2	GOAL 3
<p>There will be a 1 point increase in our overall ACT composite score for juniors during the 22-23 school year.</p>	<p>There will be a 0.5 point increase in our overall projected ACT composite score for our student cohort of 2026.</p>	<p>There will be a 10% increase of parent satisfaction on willingness to recommend the school by data from the end of the year Parent Satisfaction Survey.</p>
<p><b>PLC+ Data Protocol:</b> Teachers will implement the data protocol with fidelity at least four times per quarter in their PLC+ to determine appropriate datasets for student learning, use the data from the protocol to plan relevant instruction that meets the varied learning needs of all students.</p> <p><b>Aligned Instruction and Assessment:</b> Teachers will receive multiple supports in using students' assessment data to develop meaningful instruction that is aligned to the appropriate standards. These opportunities will meet the needs of all learners.</p> <p><b>Feedback:</b> Teachers will develop opportunities for students to receive relevant and timely feedback. Teachers will work within the PLC+ to drive the feedback and equip students to give appropriate feedback to themselves and others.</p>	<p><b>Refine MTSS Process:</b> The MTSS process will be streamlined by clarifying, establishing, and implementing high quality professional development on tier 2 strategies and the use of data to monitor student progress to provide feedback in the RTI process.</p> <p><b>Targeted Supports for Sub-Populations:</b> Proficiency on state assessments by EL students will improve by ensuring all EL students receive appropriate grade-level instruction. Additionally, the PLC+ will monitor the progress of subpopulations and provided targeted instruction</p> <p><b>Differentiated Instruction:</b> Teachers will plan appropriate grade-level instruction that exhibits high expectations for all learners through the PLC+ process.</p> <p><b>Remediation:</b> The PLC+ will collaborate to build appropriate remediation and embed evidence-based strategies for interventions to meet the learning needs of all students.</p> <p><b>Enrichment Opportunities:</b> Valley Vista High School will provide opportunities for high achieving students to deepen their learning experience through course offerings, incentives, and enrichment.</p>	<p><b>Public Relations:</b> Valley Vista High School will increase visibility within the community.</p> <p><b>Business Partnerships:</b> Valley Vista High School will foster relationships with the local business community.</p> <p><b>Feeder Partnerships:</b> Valley Vista High School will promote and foster relationships with feeder schools and programs.</p> <p><b>Student Interests:</b> Valley Vista High School will build partnerships throughout the community to promote students interests and opportunities.</p> <p><b>Teacher/Staff Involvement:</b> Valley Vista High School will recognize staff and students for academic achievement and representing core values.</p>
