

S.T.E.A.M.

Science.Technology.Engineering.Arts.Mathematics

As an AdvancED STEAM school, Mountain View is interested in creating a database of community members who work in STEAM fields - Science, Technology, Engineering, Arts, and Mathematics - who would be willing to share their experiences, expertise, and career advice with our PreK-8th grade students. Some volunteers may wish to present information on career pathways in their field; others may wish to offer hands-on opportunities for students; and still others may want to work with teachers to create projects for students to complete. If you are interested in being in our database, so that teachers can reach out to you, please complete the form below and return to the school office.

Your name: _____

Best way to contact you: _____

(Phone number)

_____ (Email address)

What is your career field or field of expertise?

Which are of STEAM do you work in? Science Technology Engineering Arts Mathematics

Do you work in one of our STEAM CTE pathways:

- Engineering
- Digital Communications—including graphic design or computer animation
- Business & Marketing—including sales

What would you be interested in doing?

- Presenting to a class or grade level about your field
- Speaking to a class or grade level about career pathways and options
- Helping a class or grade level with a hands-on project related to your field
- Assisting a teacher to design a hands-on project or to evaluate student projects related to your field
- Participating in a school STEAM event
- Assisting to arrange a field trip for a grade level or group of students relating to your field
- Other:

By submitting this form, you agree that staff at Mountain View School may contact you during the school year to schedule your participation.

Thank you for partnering with Mountain View School as we S.T.E.A.M. through Life!
