

# VAPING 101

Learn the facts about vaping and find effective solutions to keep your child healthy and safe

## JOIN US FOR A PRESENTATION AND Q&A

WEDNESDAY, SEPTEMBER 27

6:00PM - 7:30PM

THE VISTA CENTER FOR THE ARTS

*15660 N Parkview Place, Surprise, AZ 85374*

Vapes seem to be everywhere around us. What's a parent to do? Vaping not only creates discipline issues but, more importantly, it poses serious health risks to our students.

We invite you to a presentation where we'll explore the current facts and myths around vaping, and you'll leave with effective solutions in protecting your student. This presentation will be appropriate for all ages.

## PRESENTED BY UNITED PREVENTION

United Prevention is a community coalition working to prevent youth substance use and adult misuse in Surprise and El Mirage through education, awareness, and collaboration. Our vision is to build a thriving community that makes everyone safer, stronger, and healthier. We are proud members of the Substance Abuse Coalition Leaders of Arizona and we offer free trainings and prevention materials to schools, businesses, churches, clubs, and individuals.
